

# Happy Kids at home!

## Look what's outside!

### For this activity you will need:

To print the activity sheet on the next page.

Child safety scissors

Pencil

Sticky tape

### Step 1

Print the next page out and talk about each of the items with your child. Talk about colours and shapes and name the things in the pictures.

Pine cones

Fallen leaves

### Step 2

Then...look what's outside! You can go in your garden or down to the park to find everything on the sheet.

Grass

Daisy

### Step 3

Ask your child to tick the box every time they see something.

Dandelion  
Leaves

Pebbles

### Step 4

If it is possible and safe collect the various things and stick them to the paper.

Clover

Yellow  
Dandelion

## Early Years Foundation Stage (EYFS)

The EYFS sets standards for the learning, development and care of children from birth to 5 years old. It promotes teaching and learning through play to make sure all children have the skills they need for future life. There are 3 Prime Areas of Learning and 5 Specific Areas. We follow this in Preschool Nursery and you can do activities at home to help your child learning. This activities will cover many areas of the EYFS but are planned specifically to cover this area below.

### Specific Area

- The World

Understanding  
the World

Pine cones

Fallen leaves

Grass

Daisy

Dandelion  
Leaves

Pebbles

Clover

Yellow  
Dandelion
